THE FAIRWAYS HOTEL AND SPA

Designer: Darley Interior Architectural Design (DIAD)
Location: Johannesburg, South Africa

DIAD, the hotel specialist interior design team, created a Contemporary-African look and feel to the interiors blending innovative ideas within well-designed spaces. Overlooking the extensive views of the rolling green landscape of golf fairways and densely treed suburbs, DIAD's design inspiration for the concept was to weave this surrounding environment into the interiors within the strong contemporary background of the architecture. With the hotel, being aimed at international Johannesburg visitors, weekend golfers, weekly conferences and day spa retreats, the interiors needed to reflect an international, contemporary elegance whilst providing a subtle sense of place. The restaurant and bar venues were also required to entice and attract a loyal local following providing a trend-setting and timeless destination. The DIAD team sought to reflect and integrate the surroundings by selecting natural finishes and designing features that could be manufactured by South-African craftsmen, utilizing environmentally friendly and recycled material and products. The particularly successful element of the Interior Design of this project is the seamless integration of spaces throughout the hotel extending to and including the surrounding golfing greens. Driving through this Johannesburg suburb, the guest would never speculate that nestled comfortably and majestically alongside one of the most exclusive golf courses lies this oasis with its subtle Contemporary-African flavor.

DIAD是酒店室内装修设计团队专家，融合了创新理念，营造了具有现代非洲气息的高尔夫酒店环境。

俯视图绵延翠绿的高尔夫球道和绿树成荫的周边，DIAD的创作灵感是把这样的外景呈现在室内设计上，突出建筑的现代风格。

酒店的目标客人是来自约翰内斯堡的游人、周末来打高尔夫的人，以及来开周会的人和每天做Spa的人。这就需要把酒店打造成具有国际化需求、精致，同时又不失高雅的一个环境。

同样，就餐区和酒吧区也要吸引当地忠诚的客人来此休闲度假，并逐渐形成一种时尚。

DIAD团队选择天然元素和出自南非工匠之手的特色工艺，并使用环保材料和可回收再利用的建材，力求在作品中反映并融合自然环境特色。

该项目设计的点睛之笔是酒店的各个空间，包括高尔夫球场上绿地，转呈自然，浑然一体，毫无分割断层之感。驱车行驶在约翰内斯堡城郊，绝对不会想到如此高级的高尔夫球场之边会有一个极具现代非洲气息的一个休闲场所，如同绿洲上点缀着的鸟巢，舒适又不失尊严。
